Dr. Yasuyuki Sata
Chairman
Tokibo Co., Ltd.
2-3-4 Higashi Azabu
Minato-ku, Tokyo 106

Dear Dr. Sata:

I would like to congratulate you on the occasion of Tokibo's thirtieth anniversary as an importer of medical equipment into Japan.

During this period, Tokibo has been a pioneer in encouraging the import of U.S.-manufactured medical equipment into the Japanese market. It has made a valuable contribution in helping U.S. firms gain a place in that market. By introducing high quality U.S. medical products into Japan, Tokibo has done its best to assure that the Japanese people have available to them the best possible medical care.

Tokibo has been an enthusiastic and effective promoter of U.S. medical products in Japan for thirty years. I am extremely appreciative of your efforts, and wish you many more years of continued success.

Sincerely,

Malcolm Baldrige
Secretary of Commerce
